Example Solutions for Loop Levels:

All levels can be won with different combinations of portals. The following pages show one example solution for each level.

Level 1:

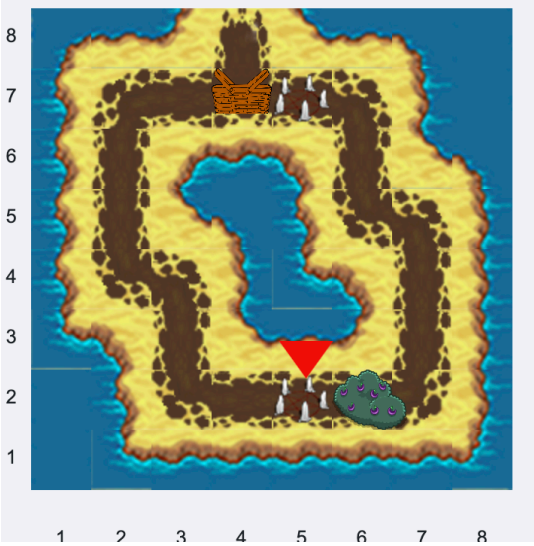

Portal 1:

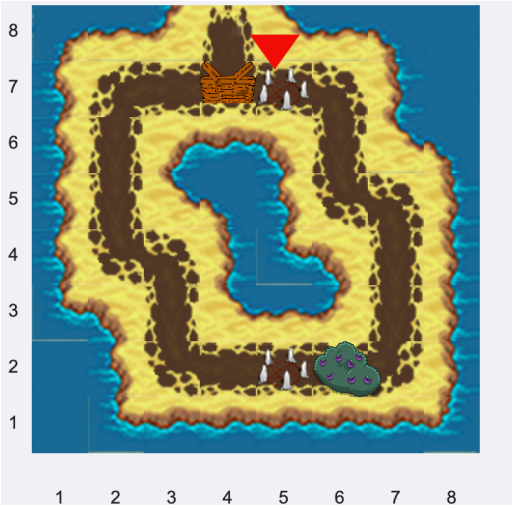

Level 2:

Portal 1:

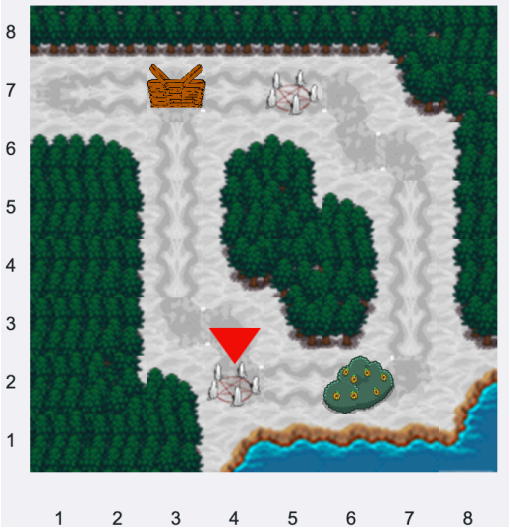

Portal 2:

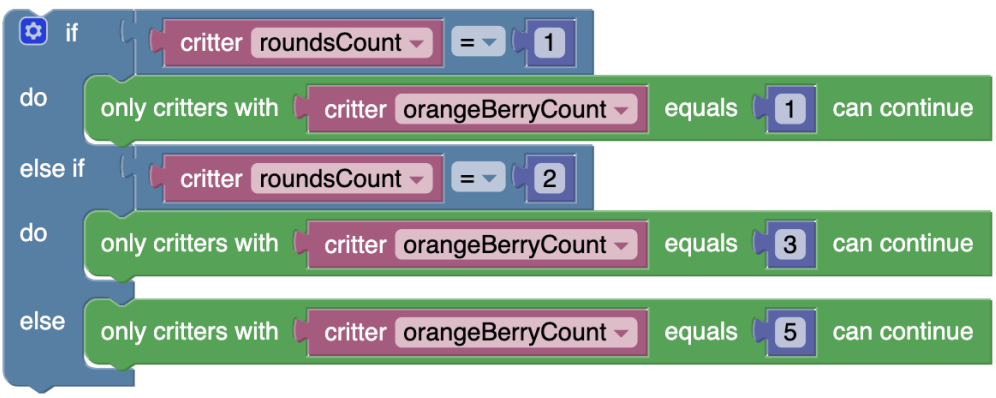

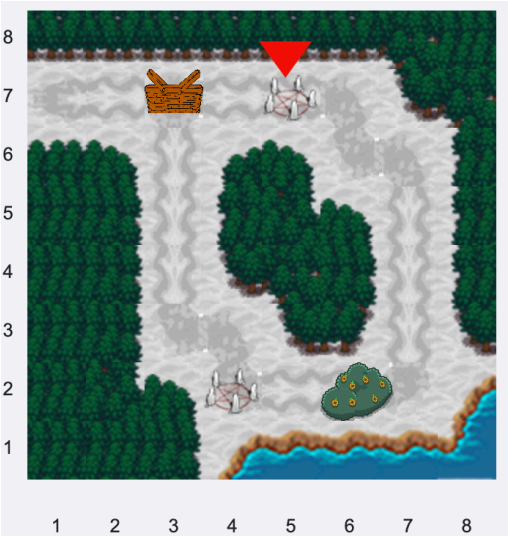

Level 3:

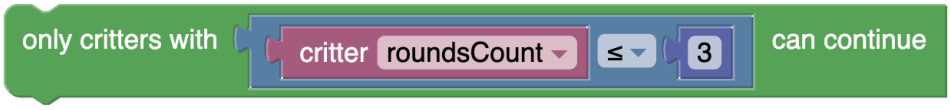

Portal 1:

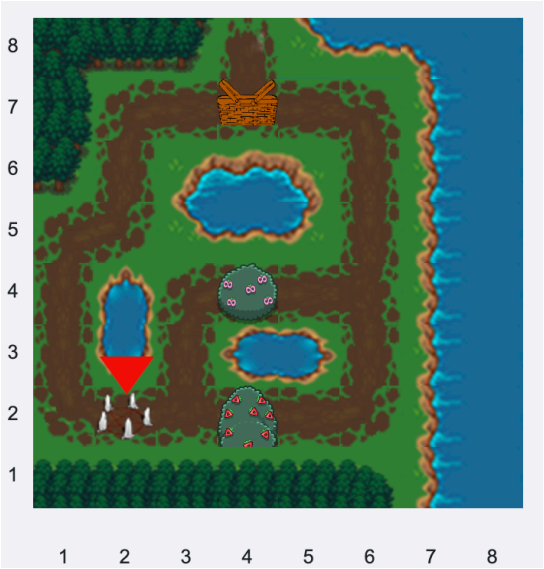

Portal 2:

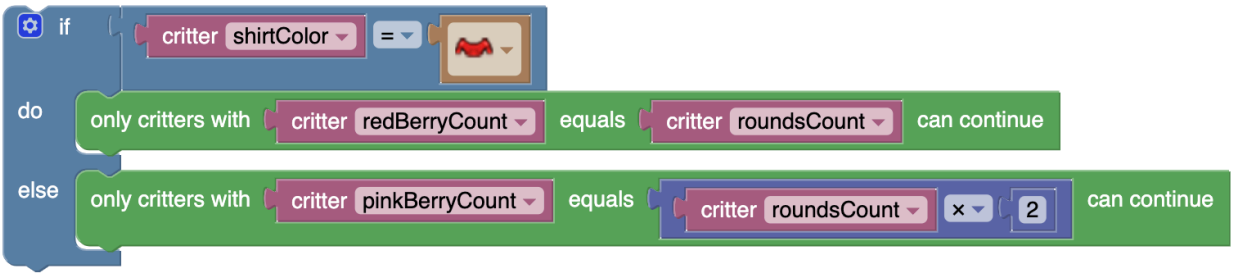

Level 4:

Portal 1:

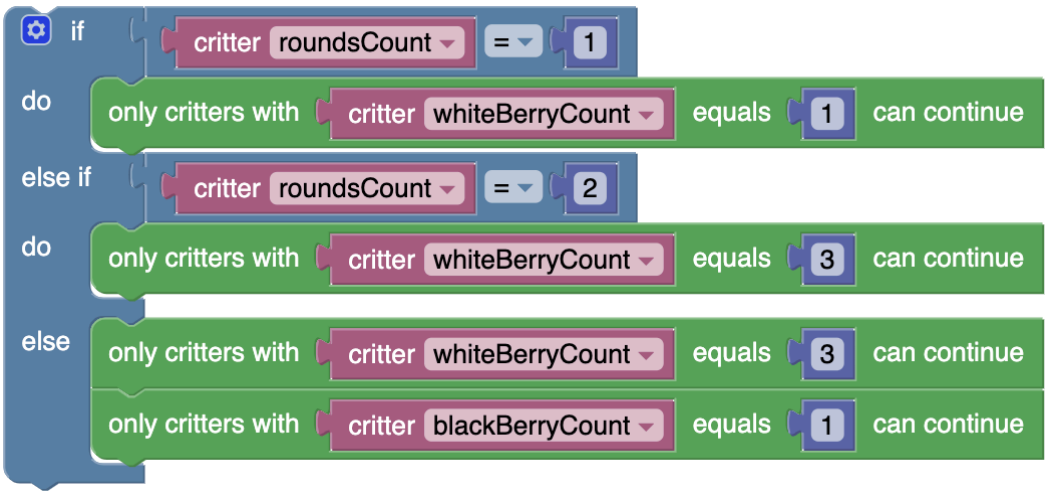

Level 5:

Portal 1:

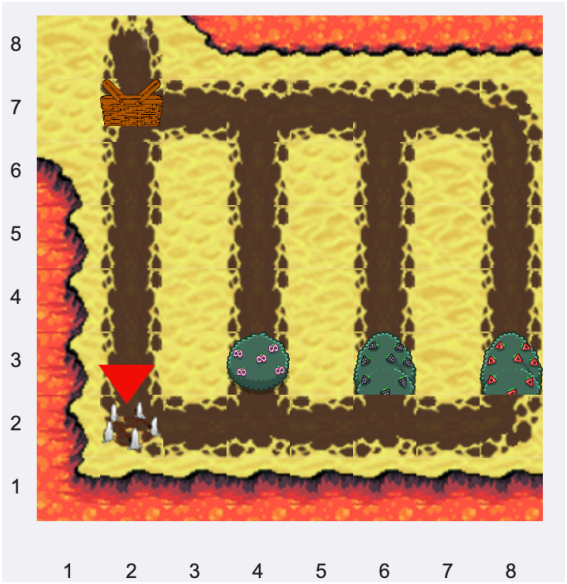

Portal 2:

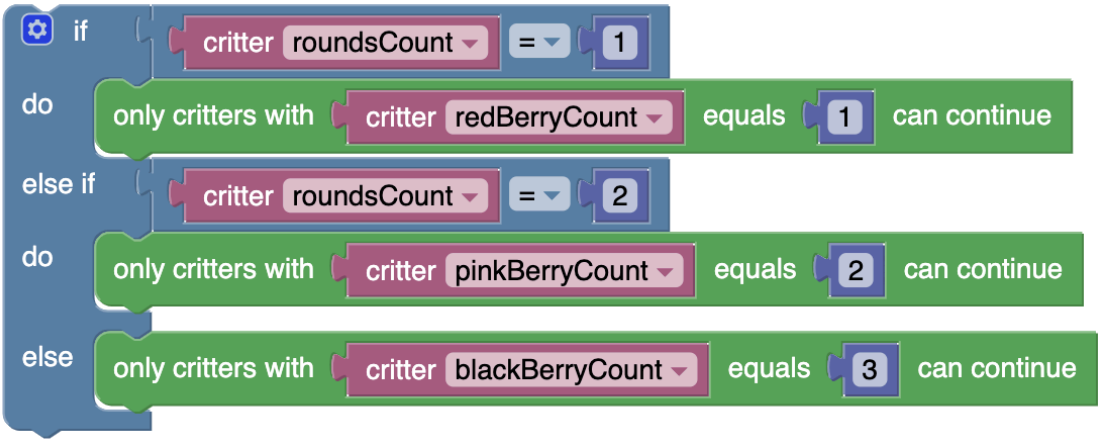

Level 6:

Portal 1:

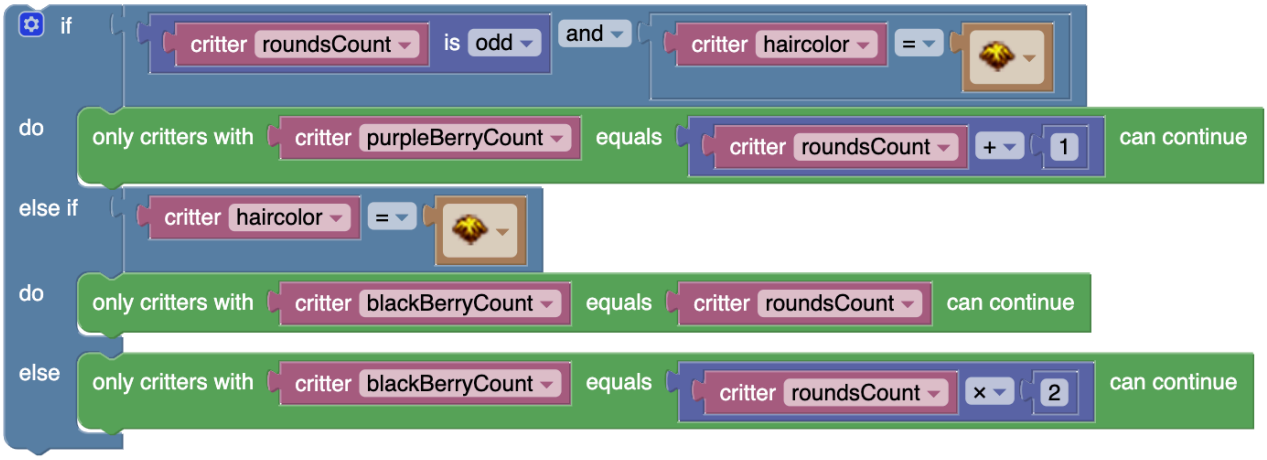

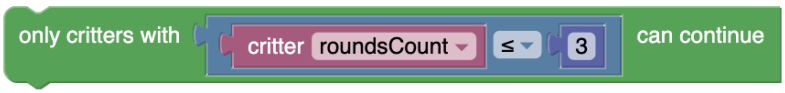

Level 7:

Portal 1:

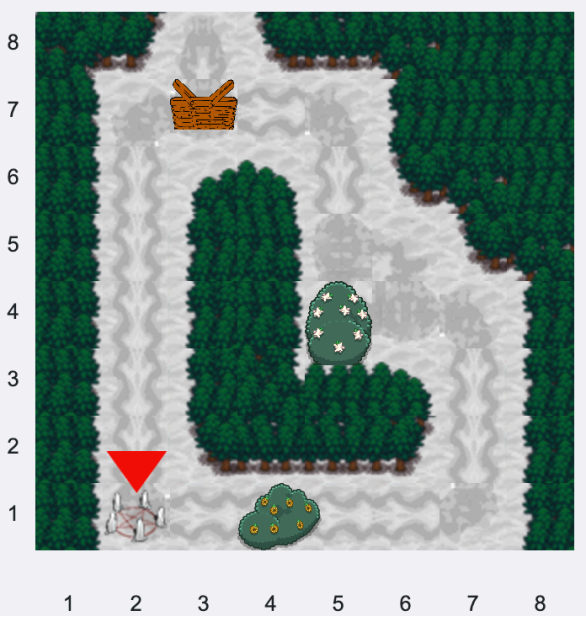

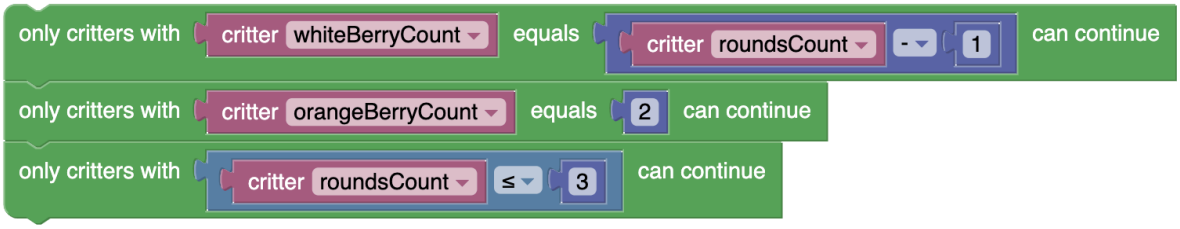

Level 8:

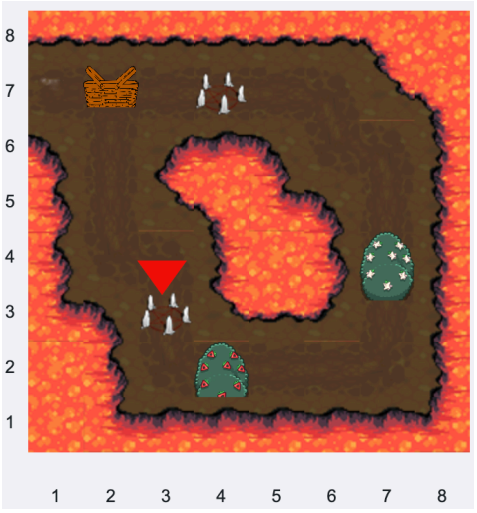

Portal 1:

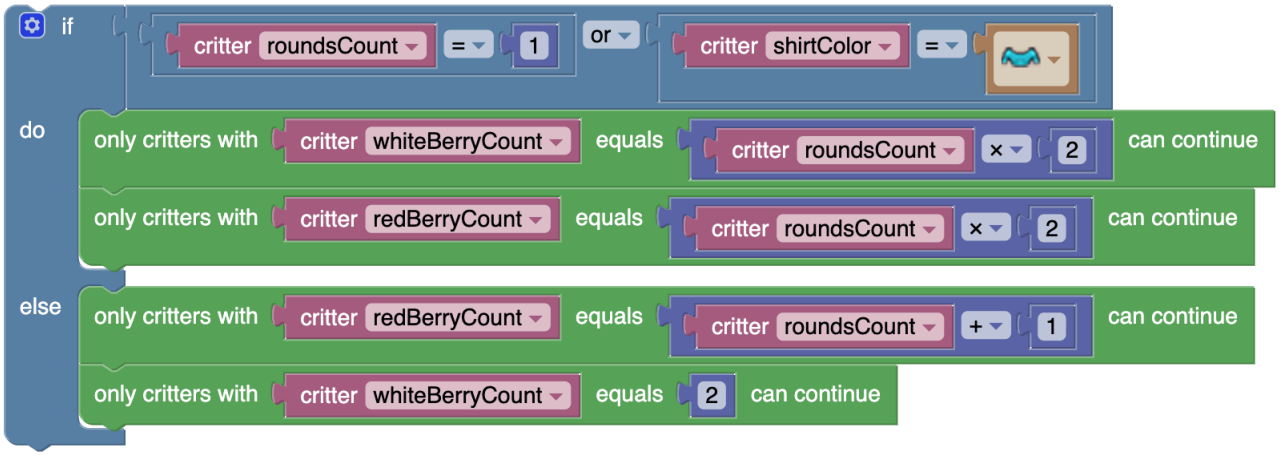

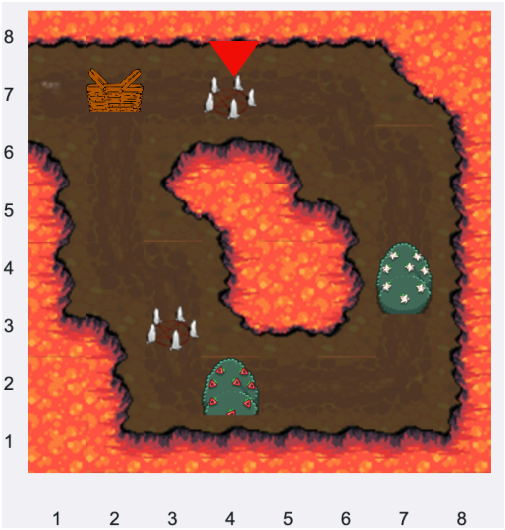

Level 9:

Portal 1:

if
critter roundsCount = 1
or
critter shirtColor =
do
only critters with critter whiteBerryCount equals critter roundsCount × 2 can continue
only critters with critter redBerryCount equals critter roundsCount × 2 can continue
else
only critters with critter redBerryCount equals critter roundsCount + 1 can continue
only critters with critter whiteBerryCount equals 2 can continue

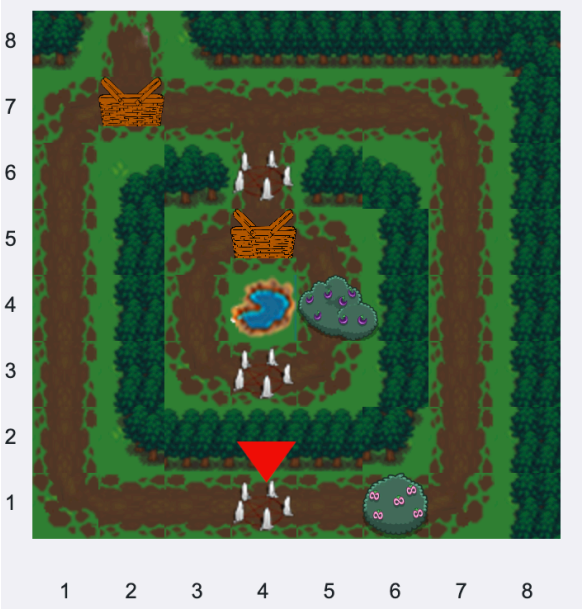

Portal 2:

8
7
6
5
4
3
2
1
1 2 3 4 5 6 7 8

only critters with critter roundsCount equals 3 can continue

Level 10:

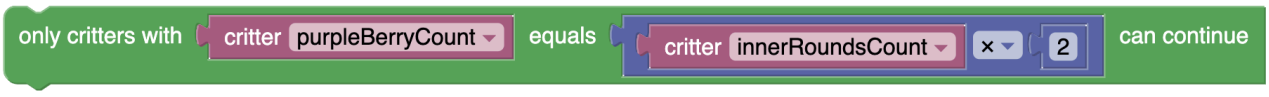

Portal 1:

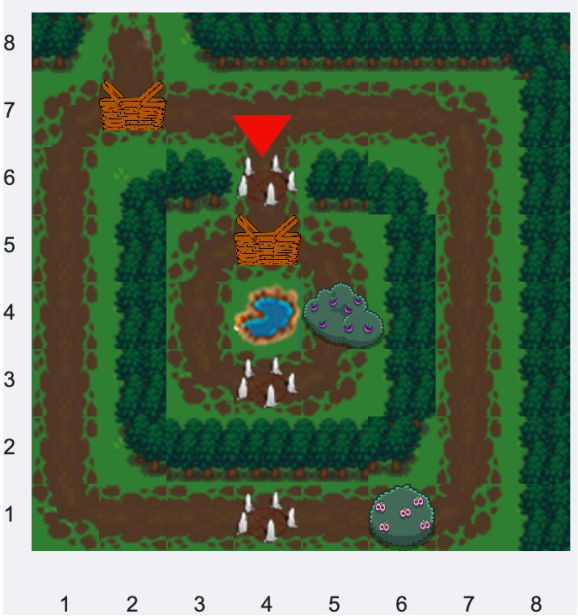

Portal 2:

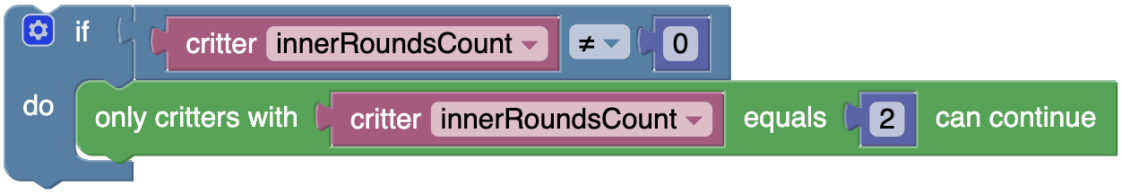

Portal 3:

8
7
6
5
4
3
2
1
1 2 3 4 5 6 7 8

only critters with
critter
roundsCount
equals
2
can continue

if
critter
innerRoundsCount
≠
0
do
only critters with
critter
innerRoundsCount
equals
2
can continue
